MANE Mission and Vision

The mission of the Minnesota Alliance for Nursing Education (MANE) is to increase baccalaureate prepared nurses through collaborative, and transformative educational strategies.

Through increased access to Baccalaureate nursing education MANE will prepare professional nurses to promote health and meet the evolving and complex healthcare needs of an increasingly diverse population in Minnesota.

The purpose of the Minnesota Alliance for Nursing Education (MANE) is to improve access to baccalaureate education in Minnesota, closely aligning nursing education with emerging health care needs and health care system changes. Students admitted to a MANE collaborating college or university will be enrolled in a four year (eight-semester) baccalaureate program, which will incorporate curriculum designed to facilitate deep, contextually grounded learning which prepares them for the rapidly changing health care environment upon graduation.

Minnesota Alliance for Nursing Education (MANE) Program

The MANE curriculum is transformative, moving away from independent silos of education to collaboration between universities, community colleges and practice. MANE is a collaboration between community college and university nursing programs to provide increased student access to a baccalaureate program and attainment of a Bachelor of Science in Nursing (BSN) degree. Students admitted to a community college MANE program will be dually admitted to Metropolitan State University.

The program was built following a thorough analysis of national standards including AACN, CCNE, NLN, ACEN, PEW, OCNE, and QSEN from which ten program competencies have been developed. This 120 credit, eight semester program has collaboratively developed prerequisites, admission processes, grading scales, and a Program Plan across all collaborating colleges and universities.

MANE Program Plan

The MANE Program Plan content is taught within a concept-based curriculum which spirals concepts throughout the program. Nursing courses are sequential in nature due to the spiraled teaching/learning methodology.

The MANE Program Plan is a baccalaureate curriculum based on The Essentials of Baccalaureate Education (AACN, 2008) with Program Student Learning Outcomes (PSLO’s) benchmarked at the fifth and eight semesters of the program. A student enrolled at a MANE community college will receive an Associate of Science Degree in Nursing at the successful completion of the fifth semester. The student is expected to continue to the completion of the Bachelor of Science in Nursing degree.

An applicant admitted to the MANE collaborating college will be considered dually admitted to a collaborating university.
Criteria for Application to the Inver Hills Community College MANE Nursing Program

1. General admission to Inver Hills Community College.
   a. Applicants to Inver Hills Community College must be in good academic and financial standing at all previously attended Minnesota State institutions or college admission may be denied.

2. Completed MANE Nursing Application for Inver Hills Community College.

3. Submission of official transcripts from all institutions attended.
   a. See notes referenced on application checklist for directions

4. A minimum grade point average (GPA) of 2.75 based on the first semester of the MANE curriculum plan. (see Appendix A)
   a. Official transcripts will be used to calculate GPA.
   b. The most recent course grade will be used for the GPA calculation, whether it is higher or lower than previous grade.
   c. Each course of the MANE curriculum plan must have been achieved with a letter grade of C or better.
   d. Full acceptance to the MANE collaborating college and university is dependent on successful completion of the second semester of the MANE curriculum plan, maintaining a minimum grade point average (GPA) of 2.75.

5. All applicants are required to complete the most current Assessment Technologies Institute (ATI), standardized Test of Essential Academic Skills (TEAS) prior to application deadlines.
   a. Applicants are allowed to test as often as they choose. The highest score will be used for application submission per ATI. The fee for each exam is $80.00 (subject to change).
   b. The minimum accepted score for application is at the proficient level (58.7%).

TEAS Testing Process: The TEAS exam will be administered via ATI, INC. at specified member MANE colleges/university. Registration and payment of fees will be on-line via ATI. The student may opt to take the TEAS test at any of the listed member sites, and should register as a MANE nursing application candidate. The test will take approximately 3-4 hours and should not be scheduled unless adequate time is available by the tester.

- Applicants will send a transcript report of TEAS results to the college/university(s) to which the applicant applied.
- Applicants who opt to take the TEAS test at a non-MANE member site are required to purchase a transcript from ATI and have it sent to Enrollment Center at Inver Hills Community College.

The fee paid by the student to ATI, INC. for a transcript is $27.00

The student may access study materials at:

6. Advanced standing applicants, Licensed Practical Nurses (Paramedics will be added when the curriculum has been evaluated for appropriate advanced standing credit), must demonstrate:
   a. Licensed Practical Nurses (LPN) must maintain unencumbered licensure from any state in the United States.
   b. When advanced standing credit is determined, paramedics must be certified as a Nationally Registered Emergency Medical Technician-Paramedic (NREMT-P), and/or state certified as an EMT (certification may be in any state in the United States, but must be to a level equivalent to a nationally registered EMT-P).

**Selection Criteria for Acceptance/Admission to MANE Nursing Program**

Ranking of applicants will be based on the following criteria:

1. TEAS composite score divided by a factor of 10. (Ex: Composite score of 72% = 7.2)
2. First semester GPA of MANE Program Plan. (Ex: 2.75)
3. The combined total TEAS and GPA score will be utilized to rank applicants for order of acceptance. (Ex: 7.20 + 2.75 = 9.95 ranking score)
4. In the event of a tied combined total TEAS and GPA score, the applicant with the highest TEAS science sub-score will advance in rank order for acceptance. If a further tie exists, the applicant with the highest TEAS math sub-score will advance in rank order for acceptance.
5. All applicants, regardless of LPN (or Paramedic/EMT when applicable) status, will be placed into a common applicant pool based on numeric score as identified in criteria 1-3.
6. Full acceptance to the MANE collaborating college and university is dependent on successful completion of the second semester of the MANE curriculum plan, maintaining a minimum grade point average (GPA) of 2.75, including obtaining a grade of C or greater in all required courses.

**After Acceptance/Admission to MANE Nursing Program**

Evidence of having completed the following criteria will be required prior to the start of MANE nursing courses and must remain current throughout the program. Requirements include, but may not be limited to:

1. Documentation of current CPR Healthcare Provider.
2. Completion of current Minnesota Department of Human Services Net Study 2.0 Background Study.
   - The Net Study 2.0 process includes supplying a picture ID and being fingerprinted.
   - If an applicant has been arrested, charged or convicted of any criminal offense, he or she should investigate the impact that the charge or conviction may have on his or her chances of employment or licensure as a registered nurse and the student’s chances to obtain federal, state and other higher education financial aid (by Minnesota Statute 135A. 157).
   - If the applicant refuses, or is disqualified as a result of the background study, the applicant will be unable to successfully complete the requirements of the MANE program.

Note: Involuntary termination from a healthcare institution may prohibit an applicant from completing this program.
3. Completed health and immunization record, including proof of current immunizations and tuberculosis testing, and/or other requirements as defined by the clinical agency. Please see the complete list of requirements in Appendix C.

**Timelines for application and notification of admission status**

Applications, transcripts and TEAS exam results may be submitted separately but all must be received by close of business on the deadline date.

1. Universal application deadlines for all MANE schools:
   a. Fall semester start: Application deadline is February 1.
   b. Spring semester start: Application deadline is June 1.

2. Notification to applicants by the college or university applicant applied to:
   a. Fall semester start:
      i. March 15 applicant notification of accept, deny or waitlist status.
      ii. April 1 notification deadline by applicant to respond to the college or university to accept or deny admission to the program.
   b. Spring semester start:
      i. July 15 applicant notification of accept, deny or waitlist status.
      ii. August 1 notification deadline by applicant to respond to the college or university to accept or deny admission to the program.

3. Applications of students not accepted to MANE will remain on file through the next admission cycle. If a student chooses to reapply for the next admission cycle, the student must:
   a. Complete a new application form.
   b. Update any materials needed to maintain currency of admission requirements.
   c. For any successive applications, complete and submit all required information and documents as if applying to MANE for the first time.

**Process for dual admission**

1. Students who receive confirmation of acceptance to the program will be required to return the following materials prior to the deadline specified in the acceptance letter:
   a. **Applicant Agreement Form** acknowledging acceptance of seat in the MANE Program.
   b. **Dual Admission Form** to complete the BSN Degree
      - **Dual Admission Form** stimulates dual admission with Metropolitan State and gives permission for student data to be shared.

2. Metropolitan State University will send the student written acknowledgement of participation in the MANE Program and Admit Packet for a future term of enrollment at Metropolitan State University based on the following criteria:
   a. Acceptance to a MANE nursing program.
   b. Submission of all admission materials.
c. Submission of an electronic “Dual Admission Form” to complete the BSN degree at Metropolitan State University.

3. A Metropolitan State University nursing representative will connect with MANE students on the community college campuses in the 4th and 5th semesters of the program to advise the student on the dual admission process and continuation to the Bachelor of Science in Nursing degree. Metropolitan State (new student orientation) will take place in the 5th semester of the program. Metropolitan State will begin teaching in the 6th semester of the program.

4. Continuing at Metropolitan State University after completion of five semesters of the MANE Program Plan: Students must meet the academic performance criteria of both institutions, and the MANE program, in order to continue to the baccalaureate degree. Students that do not will be denied continuing to completion of the baccalaureate degree at Metropolitan State University. In addition, students will be reviewed for any other performance criteria that may prohibit continuing at Metropolitan State University (i.e. code of conduct issues, probation status).

</table>

- All nursing courses must be taken concurrently in the semester listed and must be successfully completed in order to progress to the next semester.
- *General education courses can be taken earlier but not later than the identified semester.
- **Traditional students take NURS 2700, Mobility students take NURS 2720 (Mobility track available to students who hold an unencumbered LP license)
- Credits in AD Degree: 35 Nursing; 40 prerequisites= 75 total
- Credits after licensure eligibility to BSN: 30 Nursing; 15 general education credits (10 general education credits must be upper division; 5 credits may be taken at lower division level and transferred).
- Total Program Credits: 65 nursing; 55 pre-requisites/general education = 120

APPENDIX B – Minnesota Alliance for Nursing Education (MANE) Program Application

Start Date: Spring 2020

The Minnesota Alliance for Nursing Education (MANE) is comprised of member community colleges and Metropolitan State University who collaboratively offer a Bachelor of Science in Nursing (BSN) degree, with dual admittance to Inver Hills Community College and Metropolitan State University for degree completion. This opportunity provides nursing students flexibility in their educational and career planning.

Completion of this single application provides the information necessary to be considered for full admission to a MANE collaborating college and/or university nursing program. A separate application form must be completed for each MANE Nursing program to which you apply.

Application deadlines are February 1 and June 1 of each year for programs admitting fall and spring semester cohorts and February 1 for programs admitting fall semester cohorts only. All requirements for application must be completed or submitted by the application deadline.

</table>

If you are a current IHCC student, please refer to your degree audit report (DARS) to help you fill in the tables. If you are a transfer student and have questions about course transfer, please use [www.transferology.com](http://www.transferology.com). If you need further assistance, please contact Counseling & Advising at 651-450-3508.

**For your application to be processed, the following is required (if applicable):**

1. All applicants are required to have taken the most current Assessment Technologies Institute (ATI), standardized Test of Essential Academic Skills (TEAS) prior to application deadlines.

2. Applicants, who are licensed as a Practical Nurse (LPN), must supply proof of current, unencumbered licensure from any state in the United States.
   - ( ) Check here if you are a LPN and have included a copy of your unencumbered license.

**Education:** Applicants must supply official transcripts for all post-secondary institutions at which they previously enrolled (even if no credit or clock hours were earned), and official transcripts for all post-secondary credits (including military and advanced placement). An official transcript does not need to be submitted for Minnesota State schools. If you submitted an official transcript(s) from non-Minnesota State school(s) at the time of application to Inver Hills, you do not have to resubmit them unless additional coursework has been taken after they were submitted. **Reminder:** Transcripts must include grades for all courses completed at time of deadline and current registration. International college credits must be evaluated by World Education Services ([www.wes.org](http://www.wes.org)) or ECE Educational Credential Evaluators ([www.ece.org](http://www.ece.org)). A copy of the unofficial transcripts must be sent in conjunction with evaluation. Credits earned must be from a Regionally Accredited institution(s).

List names of colleges and/or universities you previously attended.

Misrepresentation of application information is grounds for canceling application. I certify the information I have provided on this application form and all other admission application materials are complete, accurate and true to the best of my knowledge. Initial ____________________

SEND COMPLETED APPLICATIONS TO:

ATTN: Inver Hills Community College
Enrollment Center
2500 East 80th Street
Inver Grove Heights, MN 55076

SIGNATURE REQUIRED: __________________________ Date: ________________

You are encouraged to make a copy of this application.

MANE Application questions can be directed to the Director of Nursing: Diane Elifrits at delifrits@inverhills.edu

Admission is granted without regard to race, creed, color, sex, age, national origin or handicap. This institution abides by the provisions of Title IX, federal legislation forbidding discrimination on the basis of sex and by all other federal laws regarding equal opportunity.

Note: Federal and state legislation requires that the contents of student files be open to review by the student. Application forms, high school transcripts, test date, letters, and recommendations that are sent as part of any application for admission will be open to the student’s review upon request.

Note: This application is available in alternative formats for people with disabilities by calling 651.779.3354 (voice) or through the Minnesota Relay Service at 1.800.627.3529.

Note: If an applicant has been arrested, charged or convicted of any criminal offense, he or she should investigate the impact that the charge or conviction may have on his or her chances of employment or licensure as a registered nurse and the student’s chances to obtain federal, state and other higher education financial aid (by Minnesota Statute 135A. 157).

If the applicant refuses, or is disqualified as a result of the background study, the applicant will be unable to successfully complete the requirements the MANE program.

Note: Involuntary termination from a healthcare institution may prohibit you from completing this program. Note: Application requirements are subject to change.
APPENDIX C: Required Immunization Documentation IF Accepted to the Nursing Program

1. **Measles, Mumps and Rubella (MMR)**
   One of the following is required:
   - 2 vaccinations OR
   - Positive antibody titer for all 3 components *(lab reports required).*
   If any titer is negative or equivocal, you will need to receive one booster shot.

2. **Varicella**
   One of the following is required:
   - 2 vaccinations OR
   - Positive antibody titer *(lab report required)* OR
   - Medically documented history of disease signed by medical provider.
   If titer is negative or equivocal, you will need to receive one booster shot.

3. **Hepatitis B**
   One of the following is required:
   - 3 vaccinations (may be in progress) OR
   - Positive antibody titer *(lab report required)* OR
   - A signed Hepatitis B (HBV) Vaccine Waiver Form
   If titer is negative or equivocal, you will need to receive two booster shots.

4. **Tuberculosis (TB)**
   Documentation of ONE of the following within the past 12 months:
   - 2-step TB skin test (TST). Students who have not had a TST in the past 12 months will need a full 2-step TST.
   - Two 1-Step TB skin tests administered in the past 12 months
   - Students who have had a negative TST within the last 12 months need one additional TST (this will constitute the 2-step TST).
   - QuantiFERON Gold blood test (QFT)
   - T-Spot blood test
   - Single TST with record of previous baseline TB screening (2-step TST or QFT) and record of annual screening every year since the baseline screening.
   - If your Tuberculosis test is positive, you will need to provide signed documentation from a clinic of a subsequent negative chest x-ray AND a negative annual symptom survey since your chest x-ray.

   **Annual documentation of TB status is required.** For renewal, one of the following is required:
   - 1-Step TB skin test OR
   - QuantiFERON Gold blood test OR
   - T-spot blood test OR
   - If PREVIOUS positive results, a completed annual symptom survey.
   - If NEWLY positive, signed documentation from a clinic of one subsequent negative chest x-ray AND a negative annual symptom survey since your chest x-ray.

5. **Tetanus, Diphtheria & Pertussis (TDaP)**
   Documentation of a TDaP booster within the past 10 years is required. If TDaP is older than 10 years, you will need to provide documentation of a TDaP along with a TD booster from within the last 10 years. According to the CDC a TDaP may be given as one of these boosters.

6. **Influenza Vaccine**
   - Documentation of a flu shot administered during the current flu season OR
   - Documentation of a medical contradiction or allergy from medical provider as to why flu shot cannot be received.
