ASSOCIATE OF ARTS
A.A., 60 CREDITS
Minnesota Transfer Curriculum (MnTC) ..................... 40 cr
Health and Physical Education ................................. 2 cr
Elective Courses .................................................. 18 cr

PURPOSE
The Associate of Arts (A. A.) degree is designed for students who want to complete the first two years of their bachelor’s degree and finish their general education requirements. Students build skills and knowledge in a variety of subject areas while completing the 40-credit Minnesota Transfer Curriculum (MnTC). In the process, students may explore possible majors and take essential pre-major courses. They work with their Inver Hills counselor or advisers to develop an educational plan and prepare for Junior-level transfer.

Use the Degree Audit Report System (DARS) to monitor your progress: inverhills.edu/dars

Health and Physical Education 2 credits
Health ........................................................... 1
Physical Education ......................................... 1

Elective Courses 18 credits
Courses numbered 1000 and above from any department may be used to fulfill these electives. These electives may be freely chosen or selectively used for transfer requirements. Include essential pre-major classes to facilitate Junior level transfer.

TOTAL CREDITS 60
**MINNESOTA TRANSFER CURRICULUM (MnTC)**

All Minnesota State colleges and universities have agreed upon a common general education core curriculum, the 40-credit Minnesota Transfer Curriculum (MnTC). Students who complete the MnTC at one institution can transfer their entire lower-division general education curriculum to any other Minnesota State college or university, the University of Minnesota, and many other colleges and universities.

MnTC courses fall within 10 areas of competency, called “goals.” Students must meet the requirements of the entire MnTC at one institution in order for it to transfer to another institution. Courses with a grade of D or higher (including courses transferred to Inver Hills) can be included in the MnTC. A 2.0 GPA is required for recognition of completion of the entire MnTC. Some courses may be applied to more than one goal area, resulting in completion of the 10 goals with fewer than 40 credits. Additional credits from the 10 goals listed must be taken to complete a minimum of 40 credits.

The following ten goal areas specify the requirements to complete the Minnesota Transfer curriculum (MnTC), which is a component of the Associate of Arts Degree (A.A.). Students pursuing an A.S., A.A.S., or A.F.A. degree should use this list to choose required courses in their intended degree.
