COMPUTER SCIENCE TRANSFER PATHWAY A.S., 60 CREDITS

Computer Science Curriculum20 credits
 Liberal Arts Curriculum30 credits
 Electives.10 credits

Purpose

The Computer Science Transfer Pathway A.S. offers students a powerful option: the opportunity to complete an Associate of Science degree with course credits that directly transfer to designated Computer Science bachelor's degree programs at Minnesota State universities. The curriculum has been specifically designed so that students completing the pathway degree and transferring to one of the seven Minnesota State Universities* enter the university with junior-year status. All courses in the Transfer Pathway associate degree will directly transfer and apply to the designated bachelor's degree programs in a related field.

The Computer Science Pathway consists of the Required Pathway Curriculum and select Minnesota Transfer Curriculum (MnTC) requirements to bring your credit total to 60 credits.

**Universities within the Minnesota State system include Bemidji State University; Metropolitan State University; Minnesota State University, Mankato; Minnesota State University, Moorhead; Southwest Minnesota State University; St. Cloud State University; and Winona State University.*

Transfer Pathways

With this transfer pathway, you will be able to transfer to the following majors: at

Bemidji State University
 Computer Science – BS

Metropolitan State University
 Computer Science – BS

Minnesota State University, Moorhead
 Computer Science – BS

Southwest Minnesota State University
 Computer Science – BS

St. Cloud State University
 Computer Science – BS

Winona State University
 Computer Science - BS (Bioinformatics Emphasis, Computer Information Systems Emphasis or Human Computer Interaction Emphasis)

Additional Transfer Pathway agreements have been established by various MN private colleges. Visit mnprivatecolleges.org/transfer for the most up to date information.

Computer Science Pathway Curriculum 20 credits
