MATHEMATICS TRANSFER PATHWAY A.A., 60 CREDITS

Mathematics Curriculum 18-21 cr
 Additional General Education 35 cr
 Health and Physical Education 2 cr
 General Electives 2-5 cr

Purpose

The Mathematics Transfer Pathway A.A. offers students a powerful option: the opportunity to complete an Associate of Arts degree whose course credits will directly transfer to designated mathematics bachelor's degree programs at Minnesota State universities. The entire curriculum has been carefully designed to guarantee junior-year status to students who have been admitted to one of the seven Minnesota State universities. There, students can complete their bachelor's degree by earning 60 additional credits.

The Mathematics Pathway consists of the Required Pathway Curriculum, the Minnesota Transfer Curriculum (MnTC), the Health and Physical Fitness Requirement, and any electives to bring your credit total to 60 credits.

**Universities within the Minnesota State system include Bemidji State University; Metropolitan State University; Minnesota State University, Mankato; Minnesota State University, Moorhead; Southwest Minnesota State University; St. Cloud State University; and Winona State University.*

Transfer Pathways

With this transfer pathway, you will be able to transfer to the following majors at:
